Elevate

At Katun, we're elevating our performance to help your business stand out in a rapidly changing industry.

You wanted more choices and more product options to help you grow your business.

In 2023 we expanded our product portfolio and introduced more than 2,000 products worldwide.

You wanted efficient, reliable delivery.

We built a new state-of-the-art distribution center in Europe and improved distribution capabilities in North America.

You wanted greater emphasis on environmentally friendly products and solutions.

We developed eco-KAP refillable toner cartridges and expanded our robust line of Eco-Friendly products that utilize recycled plastics.

Innovate. Elevate. Excel

Elevating to help you stand out.

KATUN®

Vacuums

Katun by SCS Vacuums

A Tradition of Premier Quality

Katun by SCS Vacuums – formerly 3M vacuums – are the service engineer's choice for efficient cleanup. Portability, quick setup, and efficient, safe operation are key features of every vacuum. Technologically advanced vacuum materials dissipate electrostatic buildup, thereby reducing the risk of shock damage to sensitive electronic equipment while protecting the service technician from electrostatic discharge.

- Type 2 filter
- Detachable power cord
- Stretch hose
- Crevice brush and nozzle
- Curved wand nozzle
- 3-year warranty

Katun by SCS Filters & Accessories

SCS configures filters with thin fibers to trap specific sizes of particles, and designs filter cartridges for easy installation and safe disposal.

Type 1 is a Fine Particle Filter. This is a thinner, more concentrated weave for trapping extremely fine particles, typically used for color laser printers, color copiers and highly sensitive equipment. Type 2 is a Toner/Dust Filter; it efficiently traps toner from standard copiers, laser printers, and data processing equipment. The HEPA filter is designed to remove extremely fine contaminants down to 0.3 microns at 99.7% efficiency.

Attachments fit all Katun by SCS, UltiVac, and Atrix service vacuums.

Vacuums

Ultivac & Omega Cordless Vacuums

Katun offers several UltiVac™ vacuum models that deliver powerful, cost-effective performance. These highly affordable service vacuums are designed with durable latches and hinges, and are ideal for virtually any office equipment cleanup task.

From the UltiVac Jr., to the high-capacity service vacuum, UltiVac vacuums provide sufficient power for demanding cleaning tasks. It includes a stretch hose and flexible wand tool for effectively reaching hard-to-clean areas.

- **Durable hinges, latches, and styrene case ensure excellent impact resistance and long life.**
- **100% static grounded for safe operation.**
- **High quality motor provides efficient, powerful cleaning.**
- **Automatic reset feature protects motor against overheating.**

UltiVac Filters & Accessories

Katun OmniFit® Filters are universal filters designed to trap toner, dust, and other particles and fit UltiVac™ and UltiVac Deluxe™ vacuums. Standard filter rated 99.5% efficient for particles 2.0 micrometers and above. Excellent for black toner filtration.

The OmniFit High-performance filter rated 99.99% efficient for particles 0.9 micrometers and above. Excellent for color toner filtration.

UltiVac Jr. Filters are specially designed for use in the UltiVac Jr. vacuum. The plastic filters are excellent for black and color toner filtration, and the HEPA filters are safety-rated to clean ultra fine toner. The standard filter has a 0.3-micrometer retention capability for effective office equipment cleanup. Safe and easy to use. HEPA filters include sealing plug for clean disposal.

Atrix Service Vacuum Accessories are designed to perform their tasks safely and efficiently, and are constructed of durable materials that withstand intensive use.

Screwdrivers

Katun provides only high-quality precision Phillips and flat tip screwdrivers, and service technicians notice the difference. The fit is perfect every time; tips provide maximum grip within the screw slot. Katun provides a variety of screwdrivers because we know the right tool is the tool best suited for the job – and not all jobs are the same. All handles are perfectly sized according to blade length, for maximum turning power without slipping or fatigue.

Vessel™ Screwdrivers

Vessel screwdrivers feature a unique, high-precision fit that ensures optimal driver tip and screw head engagement on Japanese electronic and office equipment (“JIS” screws). These tools are manufactured using advanced state of the art heat-treating equipment and technology, utilizing the best steel materials. Vessel screwdriver handles – including palm grip, crystalline acetate, super-cushion gel-grip and megadora ultra-grip styles – feature ergonomic design and provide excellent leverage and high torque output.

KATUN®

KATUN[®]

Made by **SCS**

Electronic Service Vacuum

ESD Safe Vacuum, High Efficiency System

Don't put your electronics at risk!

The Katun Electronic Vacuum by SCS is ideal for cleaning electronics that contain ESD sensitive components. This product meets ANSI/ESD S20.20 and is designed to be used in an ESD protected area. The hose and accessories are dissipative so electrostatic charges will be removed when properly grounded. You can also expand the capabilities of your vacuums by using the various attachments that are included.

The Electronic Service Vacuum comes complete with:

- Type 2 Filter
- 8 Foot Power Cord
- 5 Foot Hose
- Wand
- Crevice Tool
- Crevice Tool Brush
- Dust Brush
- Needle Nose Nozzle

Katun also offers both SCS Type 1, Type 2, and HEPA filters to provide filtration for various particulate sizes.

Type 1 Filter

A thinner, more concentrated weave for trapping extremely fine particles. Typical applications: color laser printers, color copiers and highly sensitive equipment.

Type 2 Filter

Specially designed for trapping unwanted toner from copiers and laser printers. Also ideal for cleaning keyboards, fans and other household dust.

HEPA Filter

High efficiency particulate air (HEPA) filtration is designed to remove extremely fine contaminants down to 0.3 microns in diameter at 99.7% efficiency. Ideal for toner, dust and cleaning highly sensitive equipment.

High Efficiency

ESD Safe

Detachable Powercord
